

# DRIVERS' DAILY DEFECT CHECK TRAINING

## INTRODUCTION

The current legislation requires all drivers of company vehicles to carry out and record a daily defect check to ensure their vehicles are in a fit condition at all times. Failure to use defect records correctly or at all can result in fines and further investigation which could put your operators licence at risk.

## WHO SHOULD ATTEND

All drivers who use a company vehicle and all supervisors or managers required to monitor the reporting of defects

## COURSE CONTENT
